### GREENEVILLE

Thomas Cunningham Returns from  
Extensive Travels Abroad—Dr. Wil-  
liam A. Wasson to Devote Future to  
True Temperance Reform—Local  
Notes and Comment.

Of interest to local people who re-  
member Dr. Wasson when he was rector  
of St. Andrew's Episcopal church  
seventeen years ago will be the fol-  
lowing account which has been taken from  
a New York exchange of recent date:  
The Rev. Dr. William A. Wasson,  
rector of the Episcopal church at River-  
head, L. I., preached his last sermon  
Sunday, Aug. 28th, as his  
resignation is to take effect on  
Sept. 1.

### MEMORIAL MASS

For Members of St. Mary's T. A. and B.  
Society Requested for Labor Day.

St. Mary's T. A. and B. society has  
requested an anniversary requiem high  
mass in St. Patrick's church on Labor  
day for the deceased members of the  
society. The society is to meet in its  
rooms a half hour before the mass and  
march in a body to the church.  
The list of members in whose mem-  
ory the mass will be celebrated by the  
rector of the parish, Rev. Hugh Treanor,  
includes John J. Twomey, John  
Stanley, Thomas Allen, Patrick Con-  
nelly, Gibson English, Jeremiah Crow-  
ley, Albert Harrigan, Daniel Malone,  
Patrick Fox, John Mac, John Cosio,  
James Burns, Patrick O'Sullivan, Pat-  
rick Connell, Thomas Foley, John  
Dempsey, George Harrigan, Hugh  
Madden, John Buckley, John Dwyer,  
John Gauthier, Martin McGarry, James  
Carey, William Bickery, William Gor-  
man, John Driscoll, John Kennedy,  
William Hogan, David Ring, Cadet.  
Many relatives and friends of the de-  
ceased members will assist at the mass.

### Returns from Trip Abroad.

Thomas Cunningham of North Main  
street has returned from a two months'  
trip abroad. While on his tour, Cun-  
ningham visited places of interest in  
England, Scotland and Ireland, as well  
as important places on the continent.

### Personal Notes.

Mrs. Harlow Ladd of Central avenue  
has returned from a two weeks' visit  
in Providence.

Mrs. M. J. Solomon and Mrs. Joseph  
N. Lahn spent the day Tuesday  
in New London.

Miss Elizabeth Curran of Eleventh  
street has returned home after visiting  
with relatives in Newport, R. I.

Mrs. A. R. Engquist of New Haven  
is spending a few days with Mrs.  
Frank Haglund of Central avenue.

Mrs. Frank Duxley and two children  
left Monday for Niagara, where they  
will spend one week.

Miss Louise Wheeler of Denver, Col.,  
is spending a few days the guest  
of Miss Anna Haglund of Central ave-  
nue.

Miss Nellie Gleason of Hickory  
street has returned from Worcester,  
where she has been spending the past  
month.

Miss Margaret Service of Prospect  
street has returned from New York,  
where she spent a week visiting with  
relatives.

Mrs. and Mrs. Wallace I. Palmer and  
daughter, Miss Ethel Palmer, of Har-  
ford, have returned home after spend-  
ing two weeks at the home of Mrs.  
Palmer's father, Edward Holden, of  
Preston.

Some Handsome Dahlias.  
Policeman John Irish had the desk  
in police headquarters handsomely  
decorated on Tuesday with several  
cases of dahlias cut from his garden  
on Laurel Hill. No handier display  
can be seen, all varieties being  
shown, and they indicate that Mr. Irish  
thoroughly familiar with their cul-  
ture. He picked 100 blossoms Tues-  
day, which made no impression on his  
field of dahlias. He has over 50 hills  
in bloom and probably a thousand  
blossoms there.

Until 1907, when he came to Nor-  
wich to reside, he had made his home  
in New York for 30 years.

He was a member of the First Baptist church  
of this city and in New London at-  
tended the Huntington Street Baptist  
church.

Captain Ewen, sturdy, upright and  
large hearted was a fine type of the  
man of New England who followed the  
west in years gone by.

His kind and generous disposition,  
and his faithfulness to the responsi-  
bilities placed upon him, endeared him  
to his friends and made him a trusted  
official.

Coal Pocket Affair.  
At 2:10 o'clock this morning, Charles  
Hotchkiss, night watchman for the  
Allen-Beecham Co., discovered a fire  
at the back of the coal pocket of Hall  
Brook on the dock and notified police  
station. Acting Captain Twomey called  
the department by telephone and a  
stream of water soon had the blaze out  
but the firemen were there for about  
an hour. The planking was afire.

## Looking Sharp After Motor Boats

Probable that Government Inspectors will be Here Today  
or this Week to Look Over the Local Launches—  
What Law Requires.

A very strict enforcement of the  
regulations on motor boats is made  
by Uncle Sam's representatives and  
while it is believed that none of the  
owners of motor boats want to evade  
the law yet it is probable that a large  
percentage of them are violating it and  
violating it because they are ignorant  
of the requirements. It was reported  
on Tuesday evening that it was likely  
that representatives of the government  
would be here today or this week to  
investigate local conditions. The gov-  
ernment gives no warning, but makes  
arrests for violations.

The laws adopted by the govern-  
ment regarding launches provide  
that they be divided into three class-  
es, class one being those less than 25  
feet long, class two those between 25  
and 40 feet and class three between  
40 and 65 feet.

From sunset to sunrise every boat  
shall carry lights as follows: Class one,  
white light all around the bow, a red  
light on the starboard and a red light  
on the port. Class two and three must have  
a bright white light in the fore-  
showing an unbroken light over an  
arc of the horizon of 20 points of the  
compass with the lens in class two of

19 square inches and in class three  
of 31 square inches. The green light  
must be placed on the starboard and  
the red light on the port, the lens of  
these lights in class two being 16  
square inches and class three 25 square  
inches.

Every boat must be provided with a  
whistle or other sound producing me-  
chanism capable of producing a blast  
of two seconds or more in duration,  
two blasts being given in succession  
longed blast. It also requires an ef-  
ficient foghorn and an efficient bell not  
less than three inches across for ves-  
sels of class three.

The boats must carry life preser-  
vers, belts, cushions or ring buoys in  
a place readily accessible and the boats  
carrying passengers for hire must have  
one for every passenger. The boats  
carrying passengers for hire must also  
have a licensed navigator. Boats over  
65 feet long must carry the means of  
promptly extinguishing burning gaso-  
line. Violation of the provisions shall  
be punishable by a fine of not over  
\$100. It is also required that motor  
boats have fire extinguishers.

There are about 100 launches in this  
city and it behooves the owners to  
carefully look up the provisions re-  
garding them.

### RESERVOIR CONTINUES TO DROP STEADILY

Rainfall This Month Has Been 4.34  
Inches with the Water 185 Inches  
Down on Tuesday.

The rainfall on Monday amounted to  
.26 of an inch, making a total for the  
month of 4.34 inches. Fairview reser-  
voir is showing a decrease of 185 in-  
ches on Tuesday showing it to be 185  
inches below high water mark.

Eighty-four years ago Captain Ewen  
was born in Norwich to David and  
Prudence Ewen, being one of 11 chil-  
dren, all of whom are now deceased.

On April 15, 1858, Captain Ewen was  
united in marriage with Frances D.  
Walden, daughter of George and Mary  
Walden of Salem, by Rev. Charles S.  
Weaver. There were no children born  
to them, but their niece, the wife of  
Fred E. Tracy of this city, was lived  
with them as their own daughter, ever  
since the death of her mother, when  
Mrs. Tracy was a very small child.

Surviving besides his wife and Mrs.  
Tracy are the following nieces and ne-  
phews: Mrs. David Park, Mrs. Liz-  
zette Lawrence, Mr. Charles E. Ewen,  
D. Dennison of Groton and Mrs. Fran-  
cine Higgins of Racine, Wis. Wallace  
D. Ewen of Crevecoeur, Mo., Lyman  
Ewen of New Bedford, Mass., Charles  
H. Talcott and Henry C. Ewen of this  
city and Charles T. Carnes of New  
York city.

Captain Ewen had a vast fund of  
experiences with which he was wont to  
interest his friends. He had visited  
the coast of Russia, the saved the  
bordering countries of South America.  
He went around Cape Horn with Capt.  
Frank Smith in what is said to be the  
smallest vessel that ever sailed  
through those dangerous waters. In  
the civil war he was mate on the prop-  
eller, Charles Osgood, that carried  
supplies to the Union army. Gen. Lee  
was making depredations between  
the York and James rivers. The  
late Robert Brown was engineer on  
the boat that time and he secured pas-  
sage for the two men and they visited  
the rebel lines and were nearly cap-  
tured, escaping with very little time  
to spare.

Until 1907, when he came to Nor-  
wich to reside, he had made his home  
in New York for 30 years.

He was a member of the First Baptist church  
of this city and in New London at-

Y. A part of the trip was the time  
spent at a cottage near Lake Ontario.

**Preached at Enfield.**  
Rev. G. H. Ewing returned home on  
Monday from a few days' stay with  
cousins in Enfield, Mass., his early  
home. With the exception of nine miles  
by steam road, the entire trip was by  
trolley. Mr. Ewing preached in the  
Enfield church on Sunday.

Miss Clara Pepin and Henry Lafleur  
Married Tuesday Morning—Mrs. John  
P. McKean Sends Views of Yellow-  
stone National Park to Tautville  
Friends.

Miss Clara Pepin of Lisbon and Henry  
Lafleur were united in marriage at 7  
o'clock on Tuesday morning in the  
Sacred Heart church of this place by  
Rev. Arthur O'Keefe, who also cele-  
brated the marriage of Miss Clara  
Lafleur, a sister of the groom, acted as  
bridesmaid.

Immediately after the ceremonies at  
the church a wedding breakfast was  
served and reception took place at the  
groom's home in Lisbon, and at 10:15  
Mrs. Lafleur left for Providence, de-  
parting where they will spend their  
honeymoon. On their return they will  
reside in Lisbon, where Mr. Lafleur is  
employed in the mill at that place.
